**SUBJECT: NOTICE OF INSPECTION; UNDERGROUND STORAGE TANK SYSTEMS
LOCATED AT MONTEREY COUNTY COURT HOUSE, 1200 AGUAJITO ROAD,
MONTEREY**

Dear Mr. Pennoni:

This letter is to inform you that State Water Resources Control Board (State Water Board) staff will perform an inspection of the Underground Storage Tank (UST) systems at your facility **on January 17, 2019 at approximately 11:00 am.**

The State Water Board has the authority to inspect UST systems and records, pursuant to Health and Safety Codes, chapter 6.7, section 25289, which states:

"...any duly authorized representative of the local agency, the regional board, or the board has the authority specified in Section 25185 to enter and inspect, with respect to any place where underground tank systems are located, or in which records relevant to operation of an underground tank system are kept..."

State Water Board staff will need access to all components of the UST systems at your facility, including all sumps, tanks, under-dispenser containment structures, piping systems, and backup generators, if applicable. State Water Board staff will need to review all documents required by law to be maintained at the facility. Please designate an employee and/or contractor to grant access to the facility and all components of the UST systems and ensure that the records are available.

If you have any questions, please contact me at (916) 341-5891, or by email at matthew.buffleben@waterboards.ca.gov.

Sincerely,

Dr. Matthew Buffleben
Supervising Water Resource Control Engineer
